Dear sir, madam,

with this message, the Joint Secretariat of the INTERREG Programme Germany-Netherlands would like to support the initiative of the joint European Territorial Cooperation programmes, submitted by Interact, to revise article 20 of the GBER.

Although we are aware of the objective of the consultation concerning ports and airports, we believe that this simplification is of great interest for the territorial cooperation programmes in Europe and will contribute significantly to the reduction of administrative burdens and ensure the compliance of state aid regulation with the cross border INTERREG-initiatives. It is therefore necessary to make the adjustments now and not to wait for a next revision, to ensure the involvement of SME in cross border cooperation.

Thank you very much in advance and kind regards,

Peter Paul Knol
Head of the JTS
