14 Declaration of Interests

Since January 2022, I have been collaborating with the Centre for Competition Economics (CCE) as a board member. The CCE was funded by RBB but is entirely independent. It organizes scientific events on competition policy.

Between March 2022 and March 2024, I was an Academic Fellow at NERA. During this period, I participated in scientific events organized by the company. I currently have no affiliation with NERA.

I have never worked as a consultant for any company, including NERA or RBB, in Antitrust or Merger cases.
