

**Summary of case practice on modulation under point 25 (b) of the Temporary Framework**

*This document provides a non-exhaustive summary of the European Commission’s case practice concerning the modulation of guarantee premiums depending on the guarantee coverage, the guarantee duration and the use of flat guarantee premiums in accordance with point 25(b) of the Temporary Framework. The values in this document are indicative and are provided for information purposes only. They do not constitute professional or legal advice and do not give rise to legitimate expectations on the part of any Member State or undertaking. The content of this document is not binding; does not reflect any official interpretation of procedural or substantive rules; and does not prejudice the final decision that the Commission may take in particular cases.*

Table A presents the applicable (progressive) premiums for guarantees on loans with a maturity of up to six years, as set out in point 25(a) of the Temporary Framework, for differing guarantee coverages.
