Call for proposals – HT.5112

TRAINING OF NATIONAL JUDGES IN EU COMPETITION LAW

1. INTRODUCTION

On 17 October 2013 the European Parliament and the Council adopted Regulation (EU) No 1382/2013\(^1\) establishing a Justice Programme for the period 2014-2020. One of its specific objectives is to support and promote judicial training, including language training on legal terminology, with a view to fostering a common legal and judicial culture.

On 19 December 2017, the European Commission adopted the work programme for 2018 and the financing for the implementation of the Justice Programme\(^2\) which, provides for the publication of a call for proposals to support national or transnational projects on judicial training in competition law. Thus, grants may be awarded to support and promote judicial training with a view to foster a common legal and judicial culture of competition law.

The measures planned for the training of national judges and judicial cooperation will be referred to hereafter as the 'projects'.

Bodies which introduce proposals are referred to hereafter as the 'applicants'. Successful applicants which have been allocated a grant are described as the 'beneficiaries'.

2. OBJECTIVES

The objective of this call for proposals is to co-finance projects aiming to train national judges in the context of enforcing European competition rules. This includes public and private enforcement of both the Antitrust rules and the State aid rules. The final aim is to ensure a coherent and consistent application of EU competition law by national courts.

These objectives can best be achieved through projects which specifically focus on the role of national judges in the application of EU competition law, their particular needs and work environments and pre-existing training and knowledge.

2.1. Scope and expected results

Projects must meet the above-mentioned objectives and clearly demonstrate their EU added-value. The European added value of actions, including that of small-scale and national actions, shall be assessed in

\(^{2}\) C (2017) 8520 final, COMMISSION IMPLEMENTING DECISION of 19.12.2017 on concerning the adoption of the work programme for 2018 and the financing for the implementation of the Justice Programme.
the light of criteria such as their contribution to the consistent and coherent implementation of Union law. Contents of the projects should be tailored to the needs of the target audience. Projects should be designed using practice-oriented learning methods and/or innovative learning methods (including case studies, blended learning, and simulations). The results of the projects should have a broad and long-lasting effect.

2.2. **Target audience**

The target audience must consist of national judges dealing with competition cases, as defined in section 2 *Objectives*, at national level. This also includes prosecutors, apprentice national judges, and the staff of the judges’ offices or of national courts of eligible countries.\(^{3}\)

The target audience as defined above is hereafter referred to as 'national judges'.

Judges from countries not listed as eligible countries and persons other than national judges may participate in the projects, provided that a significant proportion of the audience consists of national judges. However, the costs linked to their participation cannot be included as eligible costs.

---

\(^{3}\) For the purposes of this Call, the term "eligible countries" shall mean the EU Member States with the exception of Denmark and the United Kingdom, and including the EU candidate countries Albania and Montenegro. As mentioned in Recital 34 and 35 of Regulation 1382/2013, DK and UK have not taken part in the adoption of the aforementioned Regulation and are therefore not bound by it or subject to its application. If, before the deadline for submission of proposals, other countries (EEA countries, candidate countries) join the programme, a notification will be placed on the call website informing applicants that organisations from such countries can participate as applicants or partners.
4. SUBJECT-MATTER OF THE PROJECTS

Projects should include tailored training activities such as conferences, seminars, workshops, colloquia etc., as well as short or long term training courses on EU competition law. Projects should provide advanced and in-depth trainings for national judges. Trainings should be hands-on oriented, include case studies, refer to the relevant case law of the European Court of Justice and include an analysis of relevant EU jurisprudence.

The environment in which participative training for national judges takes place must be made sufficiently secure to enable participants to freely exchange views and experiences and to learn from one another, without external monitoring or interference. Projects are therefore at best exclusively addressed to national judges.

4.1. Thematic Priorities

In the event of a grant awarded by the Commission, a grant agreement, drawn up in euro and detailing the conditions and level of funding, will be sent to the applicant, as well as the information on the procedure to formalise the agreement of the parties. Two copies of the original agreement must be signed first by the beneficiary and returned to the Commission immediately. The Commission will sign it last.

9.1 In implementing the projects, beneficiaries should comply with the Financial Regulation (FR) (and in particular Title VIII)\(^{25}\).

9.4 The Project must not be completed or have started prior to the date of submission of the grant application.

9.5 Contributions in kind cannot be included in the project budget as an expense and are not accepted as co-financing, unless falling into the category introduced by recital (7) of Regulation 1382/2013\(^{26}\).

beneficiary. If services/goods are ordered and paid by other partners they are considered as contributions in kind, and can therefore not be included as eligible costs.

9.11 Projects shall not have the purpose or effect of producing profit. Profit is defined as a surplus, calculated at the payment of the balance, of receipts over the eligible costs of the action or work programme, where receipts are limited to the Union grant and the revenue generated by that action or work programme. Any profit identified will entail an equivalent reduction in the final amount of the grant. The no-profit principle does not apply to low-value grants, defined as grants of EUR 60 000 or less.

9.12 The Commission may award a grant lower than the amount requested. If the amount granted by the Commission is lower than the financial assistance sought by the applicant, it is up to the latter to find the necessary additional resources or to reduce the total cost of the project so as to ensure its viability without detracting from its objectives or its content. In other cases, it may be decided to grant aid only for part of the proposed activity. The Commission will not provide double financing for one and the same project.

9.13 The amount granted by the Commission will be proportionate to the estimated total cost of the project and will be reduced proportionally where the total real costs are lower than the total estimated costs.

9.14 Grants awarded shall be covered by a written agreement including the modalities for the reimbursement of a specified proportion of the eligible costs actually incurred. A grant agreement for an action with one beneficiary or with multiple beneficiaries will be used on a case by case basis, as appropriate. The agreement is a standard agreement, and its terms and conditions may not be altered or subject to negotiation.

9.15 Payment Conditions: as a general rule, the Commission grant is paid in two installments: a pre-financing payment (up to 50% of the total grant) on signature of the grant agreement upon request from the beneficiary; and the balance on receipt and approval by the Commission of the final report and final financial statement of the project.

11.2. **By the Beneficiaries**

Beneficiaries must clearly acknowledge the European Union’s contribution in all publications or in conjunction with activities for which the grant is used. In this respect, beneficiaries are required to give prominence to the name and emblem of the European Commission on all their publications, posters, programmes and other products realised under the co-financed project.

To do this they must use the text, the emblem and the disclaimer available at [http://europa.eu/about-eu/basic-information/symbols/flag/index_en.htm](http://europa.eu/about-eu/basic-information/symbols/flag/index_en.htm).

If this requirement is not fully complied with, the beneficiary’s grant may be reduced in accordance with the provisions of the grant agreement or grant decision. In addition, the beneficiary shall address an evaluation form to all participants of the project, the results of which are to be communicated to the Directorate General Competition of the European Commission.
